

The Baseline Protocol

Grant Program Donation Information

Baseline Protocol Grant Program

Context

The Baseline Protocol Grant Program was launched in 2021 to support the open source contributors on the technical, standards, and outreach efforts that advance the Baseline Protocol.

The Grant Repo contains all grant applications, RFPs, and processes.

2021 - \$100,000 grant fund (see Retro)

2022 - \$100,000 grant fund (see Retro)

2023 Roadmap Items

The 2023 Grant Program will focus on the roadmap items identified by the Technical Steering Committee, by allowing donors to contribute monetary or in-kind contributions directly to the items they want to support.

Baseline Protocol RFPS

The RFPS align directly with the [2023 Roadmap](#).

Participation in Interoperability Demonstration

Description:

Create interoperability test fixtures to publicly demonstrate a live environment of at least two Baseline Protocol Implementations using for a use case involving at least 2 unrelated organizations.

Planning and Management of Baseline Protocol Roadshow

Description:

Orchestrate the Baseline Protocol Roadshow by creating configurable collateral for quarterly events to take place, and hosting the first 3 events which includes the live BPI Interoperability Demonstration.

Why participate?

- Join industry leaders in deploying and testing interoperability of an emerging standard founded by EY, ConsenSys, and Microsoft.
- Be a part of the first ERP synchronization without a third party in zero trust under zero knowledge.
- Become a leader in digital transformation using cutting edge, privacy preserving technologies.
- Gain direct access to solutions providers, customers, and collaborators

Support the Baseline Protocol Roadmap

There are 2 ways to support the 2023 work items.

Monetary Donations

- **Donate to the general fund here** (link pending) where the Technical Steering Committee votes on the allocation of funds to grant applications that align with the roadmap and community objectives.
- **Donate to specific projects** (link pending) to donate to a pre-defined RFP with details and done criteria.

In-Kind Contributions

- **Reach out** to the community leaders at baseline-team@oasis-open.org to offer and further discuss.
- **Human resources** which includes developers, researchers, project managers, marketing, event organizers, content creators, etc.
- **Office space** and **logistics support** to host the events.
- We are open to **other ideas** as well.
